Head Boy's Soccer Coach

The WCA athletic department seeks a visionary leader to serve as the Head Coach of the Boys Soccer Program. This is an exciting opportunity for a person who is interested in building a successful middle and high school boys soccer program while helping to mold young men into Christian leaders of character on and off the field. This is also a great opportunity to join a growing athletic program within the context of a supportive and dynamic Christian community.

The successful candidate will:

- be a mature Christian who will serve as a role model in the community and will represent WCA in a Christ-like manner throughout the Metro Conference, Virginia Independent Schools Athletic Association and the State of Virginia.
- be of impeccable character who will understand and fully support the mission and vision of the school, and will work well under the direction of our Athletic Director.
- be a team player who understands the importance of developing the whole student-athlete within the context of an entire athletic program, and will understand balance between academics, fine arts, and athletics.
- have exceptional communication skills.
- be an experienced club, high school or college coach that has a proven record of developing players to their fullest potential.
- have the ability to create opportunities for players, if they choose, to continue their careers on the collegiate level.

In concert with the Athletic Director, WCA's new Boys Soccer Coach will help develop an impactful Boy's Soccer program from the varsity level down to the elementary school.
